

# PANASONIC TOUGHBOOK 33 TABLET DOCKING STATION

Designed specifically for rugged military application

## FEATURES

- **Stainless Steel/Aluminum Design:**
  - Designed and built for strength and corrosion resistance
  - Small profile reduces the footprint of the docking station and computer
- **D38999 Military Amphenol/NATO Connectors for Rugged Connectivity** (see table below for ports available)
- **Latching and Locking System:**
  - Tubular key lock for locking the spring latch in the closed position
- **Finish** - Black epoxy powder coat and anodized finish
- **Optional Vibration/Shock Isolators:**
  - Wire rope isolation system is designed to effectively dampen the vibration and shock experienced in a rugged military environment
  - Wire rope isolation system can be removed for installation into the vehicle
- **Mounting Pattern:**
  - VESA 75 hole pattern

## CUSTOMIZABLE PORTS AVAILABLE

- Ethernet RJ45 / LAN
- RS-232
- USB
- HDMI
- VGA
- RF pass-through
- Power

# PANASONIC TOUGHBOOK 33 TABLET DOCKING STATION

## TESTING/CERTIFICATIONS (PENDING)

- Designed and manufactured to MIL-STD-810G and MIL-STD-461F specification

### Environmental:

- Humidity
- Temperature operational high & low
- Temperature storage high & low
- Dust & water intrusion IP65 per IEC 60529 (IP65)
- Thermal shock

### Mechanical

- Functional shock
- Crash hazard non operational
- Cycle testing non operational
- Vibration operational & non operational

## 18V TO 32V POWER SUPPLY (OPTIONAL)

- Docking station features an external 18-32V power supply that can be mounted anywhere within the vehicle
- Rugged design for dust, moisture, and high humidity environments
- Reverse polarity protected
- Under voltage protected
- Over voltage protected
- Over temperature protected

## WARRANTY

- 1-Year Warranty

## PRODUCT DIMENSIONS

ITEM NO.	DESCRIPTION	HEIGHT	WIDTH	DEPTH
AS7.P033.XXX	Military Panasonic Toughbook 33 Docking Station	11.64 in / 29.57 cm	14.46 in / 36.73 cm	4.41 in / 11.20 cm to 5.73 in / 14.55 cm (with or without isolator)
