

2021+ CHEVROLET TAHOE TABLET DASHMOUNT

The PMT dash mount for 2021+ Chevrolet Tahoe models offer mounting options for docking stations or cradles featuring the popular VESA 75 mounting pattern. Positioned on top of the vehicle's dash board in line-of-sight helps to keep the vehicle operator's eyes on the road, with the ability to flip up and provide access to the vehicle dash controls and screen. The unit is easy to install and made of lightweight yet rugged aluminum and available in a range of configurations to best suit the vehicle's specifications.
