

UNIVERSAL LAPTOP CRADLE – DURABOOK S14 CONFIGURATION

PMT's Universal Laptop Cradle, pre-configured to take the Durabook S14 Laptop. This includes positioning of locating tabs and the PMT extended depth fit kit to allow for the increased size of the S14 device.

For mounting laptops and tablets (with or without cases or jackets), PMT universal cradles are a robust, secure and convenient alternative to vehicle docks.

PMT universal cradles are user-adjustable and can easily be adapted to fit a broad range of laptop and tablet sizes, in either standard or widescreen formats. Available 'fit kits' allow users to increase height or width by replacing clamps or adding expansion inserts.

Exclusively manufactured from aluminum for high-strength and corrosion resistance, universal cradles are available with key locks to deter theft and to ensure safety. With mounting interface plate included, PMT universal cradles can be easily installed on a variety of motion, peripheral or tablet mounts.

FEATURES
