

INSTALLATION INSTRUCTIONS

Product

7160-1410, 7160-1410-01
6" MEDIUM DOGBONE MOUNT

Revision

Rev. A

Form

INST-990

Printing Spec: PS-001

This instruction sheet is for mounting the 6" medium dogbone mount with either a round mounting plate for Vesa 75mm mounting plate. The assemblies are shipped pre-assembled and the components are held in place with epoxy so they can not come apart.

7160-1410

7160-1410-01

Attaching the mounts:

1. These mounts are attached by drilling (4) 7/32" holes in the flat surface where the mounts will attach. Use the back plate to mark the 4 locations before drilling. The hole pattern is 30mm x 38mm.

2. Place the back plate (with the pressed-in nuts) behind the previously drilled mounting surface.

3. Use the #10-32 x 1" long screws and washers found in hardware bag 7120-0861 to attach the mount to the flat mounting surface by running the screws through the round mounting plate, the previously drilled flat surface, and into the back plate with the pressed-in nuts.

4. Once the mount is in the desired location, tighten the set screw with an M3 hex bit or Allen wrench.

Attaching the dock:

1. Attach the device cradle to the mounting plate using the hardware supplied with the cradle.

Product Mounting Disclaimer

Gamber-Johnson is not liable under any theory of contract or tort law for any loss, damage, personal injury, special, incidental or consequential damages for personal injury or other damage of any nature arising directly or indirectly as a result of the improper installation or use of its products in vehicle or any other application. In order to safely install and use Gamber-Johnson products full consideration of vehicle occupants, vehicle systems (i.e., the location of fuel lines, brakes lines, electrical, drive train or other systems), air-bags and other safety equipment is required. Gamber-Johnson specifically disclaims any responsibility for the improper use or installation of its products not consistent with the original vehicle manufacturers specifications and recommendations, Gamber-Johnson product instruction sheets, or workmanship standards as endorsed through the Gamber-Johnson Certified Installer Program.
