

Radio Dash Mount (Ford Interceptor)

Interceptor Radio Dash Mount shown; a wide variety of configurations are available to accommodate other radio make/models

Features	Benefits
"Heads Up" display	Placement high on dash keeps vehicle operator's line of sight over the dashboard for increased safety
Hinged design	Folds shut for easy and convenient access to vehicle display
Vehicle-specific mounting	Offset placement offers clearance for gear selection
Compact, low profile, contoured design	Small footprint: occupies less cabin space; rounded corners and contoured edges for safety
Aircraft-grade aluminum construction	High strength, corrosion resistant, reduced vibration, and long-term durability

Dimensions	Weight	Warranty
Width: 9.75" (cm)	2.05 lbs (.93 kg)	Limited lifetime warranty
